

Job Title: Assistant Professor (Physics or Astronomy)

Rank: Assistant Professor

Tenure Information: Term

Website: <https://uleth.peopleadmin.ca/postings/3476>

#### Position Details

The Department of Physics and Astronomy, University of Lethbridge, is seeking applications from qualified candidates for a full-time, 3-year Term position in Physics or Astronomy at the rank of Assistant Professor starting July 1, 2019, subject to budgetary approval. The search process will be guided by Research and Teaching excellence. The successful candidate would teach undergraduate courses, and may also be required to contribute to teaching in the graduate program. The successful candidate will be joining the Department at an exciting time as it moves into the new Science and Academic building.

Applicants must have a Ph.D. in Physics or Astronomy, preferably with some post-doctoral experience and with an established record of research excellence. Teaching experience will be an asset. Ph.Ds. in experimental physics are strongly encouraged to apply; however, exceptional applicants from all areas who fit the Department's research interests and goals will be considered. The Department of Physics and Astronomy is a diverse department of currently 10 faculty members and their research groups. The department has theoretical and experimental research strengths in Medical Physics, Surface Physics, Molecular Physics, Classical and Quantum Gravity, Cosmology, Mathematical Physics, Geophysics, Astronomical Instrumentation and Engineering Physics.

The department is responsible for undergraduate programs in Physics (B.Sc.), and offers thesis-based M.Sc. and Ph.D. graduate programs (Website: <http://directory.uleth.ca/list?dcode=phy>).

The University is located in the City of Lethbridge, Alberta, Canada, in the shadow of the Canadian Rockies. The City has a diverse community, dynamic economic base and a full range of leisure opportunities. The University has a reputation for excellence in research, teaching and scholarly activities and offers a range of undergraduate, graduate, and professional programs to a student population of over 8,500.

All applications must be submitted online, and should include a cover letter, detailed curriculum vitae, a description of proposed research and teaching, and contact information for three references who are academics in the field. (References will be contacted directly, with information on how to submit their reference letters.) For details on how to submit your application, please visit our Human Resources website at <https://uleth.peopleadmin.ca> and choose this position under the Academic postings option.

For more information about this position, please contact Dan Furgason or Saurya Das, Co-Chairs, Department of Physics and Astronomy Email: [furgason@uleth.ca](mailto:furgason@uleth.ca), [saurya.das@uleth.ca](mailto:saurya.das@uleth.ca)

Review of applications will begin 31 March, 2019; however, applications will be accepted and evaluated until the position is filled.

Faculty: Faculty of Arts & Science

Campus : Lethbridge
