

CANADIAN INSTITUTE FOR THEORETICAL ASTROPHYSICS (CITA)

POSTDOCTORAL FELLOWSHIPS

CITA is a national centre for theoretical astrophysics located at the University of Toronto. The Institute expects to offer several postdoctoral fellowships of three years. The starting date will be September 1, 2018. Funds will be available for travel and other research expenses. A Ph.D. in any field of theoretical astrophysics is required. Fellows are expected to carry out original research in theoretical astrophysics under the general supervision of the permanent faculty whose interests include: cosmology, interstellar matter, galaxy, star and planet formation, pulsars and compact objects, solar physics, high energy astrophysics, numerical relativity and gravitational waves.

Please apply online at: <https://icat.cita.utoronto.ca/pdf>

Full job ad: <http://www.cita.utoronto.ca/opportunities/post-docs>

We only accept electronic submissions. Applicants will be asked to submit a curriculum vitae, statement of research interests and arrange for three letters of recommendation. The deadline for applications and all letters of recommendation is **November 15, 2017**.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ persons, and others who may contribute to the further diversification of ideas.
