

## Tenure Track Position in Physical Chemistry / Surface Chemistry

The Department of Chemistry, Biochemistry and Physics at *Université du Québec à Trois-Rivières (UQTR)* welcomes applications from qualified individuals for a tenure-track position in Physical Chemistry / Surface Chemistry.

### Duties:

The chosen candidate will be engaged in teaching, research, and community service, and will provide pedagogical guidance.

### Requirements:

- Must hold a Ph.D. degree in Chemistry, in an area of physical chemistry or surface sciences.
- Preference will be given to candidates with international postdoctoral experience.

### Experience:

- Must have a strong publication record in leading journals, and be able to land individual grants in any area of surface chemistry, interface sciences, analysis and/or modification of surfaces.

### Other:

- Must be able to teach all or some physical chemistry courses, both basic and advanced, at all levels.
- Applicants are expected to demonstrate how they would contribute to the activities of at least one research unit affiliated with the Department of Chemistry, Biochemistry and Physics.

### Notes:

- Knowledge of French is required for this position.
- All qualified individuals are invited to apply; however, priority will be given to applicants with Canadian citizenship or permanent resident status.
- Two letters of reference should be sent directly by the referees to the following address: [srh.affairesprofessorales@uqtr.ca](mailto:srh.affairesprofessorales@uqtr.ca).
- The position and hiring are subject to approval by the relevant authorities.

**Starting date: June 1, 2019**, or as agreed upon with the University.

### Other information/How to apply:

**For a full job description (in French) and application details, please visit our website at [www.uqtr.ca/postesofferts](http://www.uqtr.ca/postesofferts).** Only applications submitted via the UQTR careers site will be considered.

**Closing date: 5 p.m., January 11, 2019**

### About us:

*UQTR* is a young university with a highly personal environment, firmly focused on scientific research. With more than 280 programs of study, including several that are unique to Québec and Canada, UQTR stands out for its dynamic community and the expertise of its faculty.

*We are an equal opportunity employer and encourage applications from women, members of visible and ethnic minorities, Aboriginal people and individuals with disabilities. Accommodation measures can be provided to people with disabilities according to their needs.*
