

The Department of Physics at Mount Allison University invites applications for a one-year Post-doctoral teaching fellowship (McCain Fellowship) to start on July 1, 2018, subject to budgetary approval. The teaching duty consists of two one-semester courses in the 2018/19 academic year including the associated labs, if any. We seek applicants who will hold a PhD by the start date, can demonstrate prior teaching experience and a strong commitment to undergraduate teaching, and who have research expertise in one of the following areas: Experimental Subatomic Physics, Theoretical Particle Physics, Materials Science, Medical Physics, or Stellar Astrophysics.

Interested applicants should upload a curriculum vitae, any supporting materials, and provide contact information for three referees willing to send letters of reference and should be submitted online at <https://academicjobsonline.org/ajo/jobs/10790>.

The search committee will begin reviewing applications on February 15, 2018 and will continue until the position is filled.

Mount Allison acknowledges, honours and respects the Mi'kmaw and Wolastoquyik (Maliseet) peoples, the historic inhabitants, custodians, and dwellers on the land where our university is built, and confirms its commitment to strengthen relationships with them.

Mount Allison is committed to diversity and inclusiveness. We encourage applications from members of racialized communities, Indigenous persons, persons with disabilities, and persons of all sexual and gender identities. We seek candidates with qualifications and knowledge to contribute specifically to the further diversification of our campus community.

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents are given priority. Canadians and permanent residents should indicate their citizenship status in their application.
